1. Executive summary

The contents of this analysis report present a listing of the requirements mandated by the client for the Acme-SF project in its D01 version. For each requirement, a breakdown is provided (if applicable), including a verbatim copy of the referenced requirement, detailed analysis conclusions and decisions made to address the requirement. A breakdown will be deemed necessary when the requirement requires any sort of analysis; otherwise, no commentary will be necessary.

3. Introduction

This document aims to thoroughly examine the client's requirements for the successful completion of the Acme-SF project.

The document's structure begins with a cover page containing pertinent information such as the title, project repository, group number, author's name with their corporate email addresses, and the date. Following this, there is a table of contents, an executive summary, and an introduction before delving into the main content. The analysis report focuses on the individual requirements specific to each student, with emphasis on the first student's requirement (student #1). A breakdown of each requirement is provided where applicable.

Finally, the document concludes by summarizing the presented information and includes an appropriate bibliography.

4. Contents

The listing of requirements and their corresponding breakdowns can be found as follows.

Requirement 001:

Modify the anonymous menu so that it shows an option that takes the browser to the home page of your favourite web site. The title must read as follows: “{id-number}: {surname}, {name}”, where “{id-number}” denotes your DNI, NIE, or passport number, “{surname}” denotes your surname/s, and “{name}” denotes your name/s.

In this requirement, commenting on analysis has not been deemed necessary due to its simplicity.

Requirement 011:

Produce an analysis report.

In this requirement, commenting on analysis has not been deemed necessary due to its simplicity.

Requirement 012:

Produce a planning and progress report.

In this requirement, commenting on analysis has not been deemed necessary due to its simplicity.

5. Conclusions

Upon reviewing the current report and conducting a thorough analysis for its development, it is determined that no potential ambiguities or conflicts have been detected regarding the examined requirements. Consequently, this examination instills confidence in the clarity and coherence of the specified requirements, thereby enhancing the foundation for a robust and prosperous implementation.

6. Bibliography
